GRAPHENE CERAMIC COATING **REFRESH SPRAY**

PRODUCT DESCRIPTION

American Icon Graphene Ceramic Coating Refresh Spray increases the longevity of all ceramic coatings, including American Icon Graphene Ceramic Coating 1140 Pro. Ideal for use after every wash or polish. Can be used on it's own for short term enhanced hydrophobic properties. Adds considerable slickness, depth of color, and relentless water beading to existing ceramic coatings or sealants, for up to 6 months.

COLORS: GLOSS CLEAR

RECOMMENDED USES: Automotive refinish graphene ceramic coating maintenance.

PROPER SURFACE PREPARATION IS ESSENTIAL TO ACHIEVE A HIGH QUALITY FINISH. READ THE SDS SHEET AND WEAR PROPER PROTECTION, WHICH MAY INCLUDE GLOVES, EYE PROTECTION, AND/OR OTHER PROTECTIVE DEVICES.

SURFACE PREPARATION / DIRECTIONS

Shake well before every use. Always apply to a cleaned and preferably freshly clayed surface for best results. Graphene Ceramic Coating Refresh Maintenance Spray, can be used on wet or dry surfaces. Do not apply to dirty or dusty surfaces. Avoid applying in direct sunlight.

A little goes a long way. Spray lightly to achieve a streak-free finish. Applying too much product can leave undesirable smearing and streaking. Only apply to cool and clean surfaces. Spray a fine mist onto one panel at a time or directly into a premium microfiber towel. Wipe into the surface immediately, flip the towel over to a fresh side, and wipe again until dry for a streak-free shine. Change the towel if it becomes saturated with the product.

Physical State: Liquid Clear

Flash Point: >100 °C at 101.3 kPa

pH: 7-8 (25°C)

Longevity: Up to 6 months

SAFETY INFORMATION

Do not handle until all safety precautions have been read and understood. Wear eye/face protection. Wear suitable gloves. Chemical protection gloves are suitable, which are tested according to EN 374. Wash

hands thoroughly after handling. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink.

Use only with adequate ventilation.

Close container after each use. Store in a well-ventilated place. Keep cool. Protect against external exposure, such as frost.

FIRST AID: Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.

In Case Of Inhalation: If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. Provide fresh air.

In Case Of Skin Contact: Wash with plenty of soap and water.

In Case Of Eye Contact: Remove contact lenses, if present and easy to do. Continue rinsing. In case of ingestion: Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting. Immediately call a poison center/doctor.

In Case Of Ingestion: Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting. Immediately call a poison center/doctor.

IN CASE OF FIRE: Water spray, BC-powder, Carbon dioxide (CO₂). Wear breathing apparatus if exposed to vapors/dust/aerosols/gases.

SPILL: Keep away from drains, surface and ground water. Wipe up with absorbent material. Place in appropriate containers for disposal. Ventilate affected area. Dispose of contents/container in accordance with local/ regional/national/international regulations.

DISPOSAL: Place in appropriate containers for disposal. Ventilate affected area. Completely emptied packages can be recycled. Handle contaminated packages in the same way as the substance itself. **Local requirements vary; contact your state-designated environmental agency for information concerning re-use, recycling, or disposal of solvent-borne paint.**
